  - We are so grateful for Kaylar's willingness to join the coalition. She has had a great start and is communicating with us often.

    - This is a quick information gathering session to be able to send to Kaylar. To Tom and Rebecca's point last month, we can plan to use the website to document the great work being done across our coalition in regards to the A250 moment.
      - Kaylar can create either a separate page on our website that houses all these great things, but can also use their social media to reshare when they have things to highlight or share.
      - For our coalition, I'd like to highlight the CLW Event and eventually the listening tour.
- YLA Year Review Recap (**attached**)
  - If David or Lucas Plum is able to join, I told them I would share their end of year summary with the coalition.
