

Constitution Day Public Service Announcement: Checklist

Before you submit your public service announcement, check off each item below to ensure you earn the highest score possible!

Constitutional Content & Accuracy

- My announcement focuses on one specific Constitutional concept (like the Bill of Rights, the Preamble, or freedom of speech).
- Every single fact I mention about the U.S. Constitution is 100% correct.
- I explained the topic in a way that is easy for people my age to understand.

Call to Action & Civic Impact

- I included a clear "Call to Action" that tells viewers exactly what they should do next.
- My message inspires people to be better citizens or get involved in their community.

Creativity & Engagement

- My message has a strong "hook" in the first 5 seconds to catch the audience's attention.
- I used an exciting or unique way to tell my story instead of repeating old ideas.
- The project keeps the audience interested from the very beginning to the very end.

Technical Production

- My voice is loud and clear.
- If I used background music, it is quiet enough that viewers can still hear every word I say.

Time Limit & Slogan

- My announcement is 15 **seconds** long.
- I created a short, catchy slogan or statement that sums up my main message perfectly.

Copyright & Fair Use

- All the music and audio clips I used are original, or I have permission to use them.
- I included "Credits" at the end to give proper credit to any outside music or audio I used.
